

**SPIT 455**  
**Power and Comfort**

**Applications**

The Spit 455 is a electro-pneumatic demolition hammer for:

- Demolition
- Chasing
- Removal of render.

**Technical Data**

- Power consumption: 950 W
- Voltage: 110 V / 230 V
- Weight: 5.3 Kg
- Hammer rate (full load): 1300 - 2600 bpm
- Full load hammer rate: 1650 - 3900 bpm
- Impact force: from 2 to 8 J
- Double insulation class II

**Advantages**

- Accurate: 6 power levels according to the base material
- Practical: Multi-position tool holder for user convenience
- Convenient: Ergonomic handle (dampens vibration) - effortless pneumatic hammer system
- Reliable: 8 hours prior warning of carbon brush breakdown
